RESEARCH CAPABILITIES	CONTACT MANAGER(S)
M.Sc and Ph.D degrees in Chemical Engineering with emphasis in Leather, Clean Technologies and Biotechnology	Prof. Ph.D. Mariliz Gutterres
Leather, Materials, Components, Footwear, Leather goods, Gloves. R&D, Training, Information, Fashion, Testing, Inspection, Audits	Managing Director : Yves Morin Scientific Director : Françoise Nicolas
	Director : Prof. Dr. Michael Stoll Dr. Michael Meyer, Dr. Haiko Schulz
Research, engineering, developing test equipment, testing (chemical, physical, microbiological), inspection, certification for the industry: shoe, automotive, leather, textile, synthetic materials, chemical, biotechnology, renewable	Managing Director: Dr Kerstin Schulte contact person at PFI: Peter Schultheis
Testing laboratory; quality management services; EC type-examination of personal protective footwear, gloves and garments.	Managing Director : András Kocsis
Publishing a quarterly journal; organising an annual conference.	President: Sándor Nemszilaj; Executive Vice-president: Attila Szabó
	Director: Dr B Chandrasekaran
	Officer-in-Charge:Sanjoy Chakraborty
Research, Engineering, Leather expertise, Developing test methods, Laboratory testing, Advanced Material Testing, Pilot Plan Tannery, Technical support for the leather and shoe industry.	Technical Manager: Dr. Gianluigi Calvanese
Research and technical support to: environmental,energy and economic development, technological innovation in the energy impact assessments and economic evaluation of environmental resources. Leather	Director Ms. Fulvia Bacchi
Leather testing service, Technical assistance to Leather and Training for Leather	Dr. Keiji Yoshimura

	Director: Geoff Holmes
Leather, Footwear, Materials, Technology	Director: Dr César Orgilés
Valorization of local raw materials, recycling of solid and liquid waste, new processes, biotechnology. Lidfe EauCuir, SOHEALTHY, PROCAMED, MEDTEST.	Dr. Abdessatar Toumi
Leather, Footwear, Materials	Technical Manager: John Hubbard; Assistant Director: Christine Powley-Williams
Leather, Chemical, Automotive, Footwear, upholstery and Product testing. Leather Expert Witness services. Training	Technical Director: Dr. Victoria Addy Sales Director : Adam Hughes,
Pilot Plant Tannery, SEM, DMA, Mechanical Property Tester, Polarizing Microscope, Atomic spectrometer, FTIR, NIR, DSC, Airborne Ultrasonic scanner, Acoustic Emission, etc.	Dr. Cheng-Kung Liu, Research Leader
	Director: Steve Lange
